### **What is the Palio Race Horse?**

The Palio is a horse race held twice a year in Siena, Italy, on July 2nd, in honor of the local Madonna Provenzano and on August 16th, in honor of the Assumption of the Virgin. But to call the Palio just another horse race is akin to calling Mount Everest just another mountain.

The Palio is blood and hysteria. It is long standing rivalry and a medieval pageant. Depending on who you listen to, it is "the world's wackiest horse race" or "the world's most crooked horse race." However, when one describes it, there is no doubt that it is the heart and soul of Siena. For the Palio lasts one minute, but this minute is the culmination of a whole year's worth of hopes and preparations. The race is three times around the Piazza del Campo, in the center of the city. Ten jockeys, or fantini, ride bareback horses and represent ten contrade, or city wards. No one seems to care if a jockey falls off his steed, the first horse to cross the finish line wins, with or without its rider!

Palio Pizzeria is not your regular pizzeria, it's the finest pizza that can be found on Cape Cod.
